WEDDING SERVICES:

Wow your guests (and yourself) with a truly magical first dance as husband and wife! We can make you look natural and confident much faster than you think!

Depending on the amount of time you have, our professionals will work closely with you to either create and develop a choreographed dance tailored to your specific song or help you gracefully improvise on the dance floor. If you don't already have a song, we can even help you with your selection!

We specialize in the traditional wedding dances and can also create a custom experience to meet your individual needs. Let us create an experience for you that

- Makes you look amazing on the dance floor;
- Allows you to have a one-of-a-kind memory that no one can duplicate;
- Enhances communication between you and your partner;
- Creates a "date night" for you to look forward to;
- Improves posture, social skills, and confidence;
- Opens the door for future fitness and fun through ballroom dancing.

Please provide the anticipated date of your event so we can ensure that you are relaxed and confident, making your special day that much more memorable.
